Mumbai, July 30, 2014: PXIL successfully conducted REC trading for the month of July 2014 and the total cleared volume on the exchange was 24,335 RECs that led to PXIL having a Market Share of 63.3%, in this month clearing ratio was a mere 0.58% considering the low demand side participation.

The prices in the solar and non-solar categories have remained at the floor level in the market.

Prior to today's auction more than 8.8 Million RECs were available in the market for trade, however the traded volume was low on account of widespread non-compliance by the obligated entities.
