**Mumbai, September 24, 2014:** PXIL successfully conducted REC trading for the month of September 2014. The total cleared volume on the exchange was 14755 RECs that led to PXIL having a Market Share of 61.45%, in this month clearing ratio was 0.28% due to low demand side participation.

The prices in the solar and non-solar categories have remained at the floor level in the market.

Prior to today's auction there were more than 10.17 Million REC's were available in the market for trade, however the traded volume have been low on account of widespread non-compliance by the obligated entities.
